

A black and white photograph of a vineyard landscape. The foreground shows a field of tall grass. In the middle ground, there are rolling hills with rows of grapevines. A small pond or stream is visible on the right side. The background features more distant hills under a sky filled with large, dramatic clouds.

VIKING LINE

SPECIALLY SELECTED WINES FOR VIKING LINE

Ship's wines are tasty and inexpensive. The wine experts of Viking Line have carefully selected them by tasting a number of candidates from different wine houses, regions and vintages.

After that Viking Line's restaurant managers have selected one red and one white wine, as well as one sparkling wine and one champagne among the finalists.

Thanks to the well balanced taste and bouquet as well as the correct style, character and balance of the wines they are suitable both for meals and sitting and talking. They can be enjoyed with many foods and in a variety of situations.

Welcome to try some of the Ship's wines!

"Fartygets viner" är både smakfulla och prisvärda. De är noga utvalda genom att Viking Lines vinråd kritiskt provat ett flertal kandidater från varierande vinhus, regioner och årgångar.

Därefter har Viking Lines restaurangchefer valt ett rött, ett vitt vin, ett mousserande vin samt en champagne bland finalisterna.

Tack vare väl balanserad smak och doft samt rätt stil, karaktär och balans lämpar sig dessa viner för både mat och prat. De gör sig bra till många rätter och i olika sammanhang.

Välkommen att pröva på något av "Fartygets viner"
